

Guatemala Pilgrimage
Good News for the Next Generation
July 9-19, 2011

Join two dozen others for our 10th annual work pilgrimage in the highlands of Guatemala. This year we will once again be working with the Mayan organization 'Programa de Ayuda a los Vecinos del Altiplano' – PAVA (Aid Program for Highland Communities). PAVA has identified a community in Chimaltenango where the residents are ready to rebuild a school for their children. Their current school was severely damaged by the torrential rains in August 2010. The residents of Paquib know the value of having a school in the village that can support students through the first six grades.
